Norwich Town Man on Trial.

A jury was selected for the trial of the case of the state vs. Joseph Borowy of Norwich Town, who is charged with forgery. It is claimed that he forged three checks and on them secured \$50 from A. A. Adam at Norwich Town, March 18, 1999.

The first witness called was Mr. Adam, who told of the accused coming into his saloon on March 15 and wanting a check cashed. He did not know him, and the fellow left, but came back March 19, and by telling a pitiful tale got Mr. Adam to cash it, after he had brought in Fred Kruck who said he knew the fellow and thought it would be all right to cash this check. The accused told Mr. Kruck that a friend had sent the check from Nanticoke, Pa., and said he could get it cashed at a saloon or store. It was for \$10 on the First National bank of Nanticoke and made out to Joseph Pavelac and signed by Elyk Kruly-kowski.

Again the accused brought in another check for \$20, and upon the statement of Frank Tumicki, who said he knew him, Mr. Adam cashed the check, after both had endorsed it. At third check was also cashed.

Depositing the checks with the First National bank here, Mr. Adam got them back in three days with the statement that there was no account in the Nanticoke bank in the name of the maker of the checks. The endorser was sent for by Mr. Adam and the matter was adjusted.

R. J. Sullican testified to being present and seeing the \$60 paid. Fred Kruck and Frank Tumicki corroborated their part in the affair.

The registrars of voters were in session in the various districts on Thursday for the purpose of receiving applications of persons who desire to be made voters this fall. This was the last chance to get one's name on the to be made list, and when all had been found. all had been figured up it was found that there are 423 entitled to be made this fall against 321 two years ago, a gain of nearly one-third. This is an unusually large number for an off-year and it is probably due to the interest in the vote on license.

Disappear Overnight Without Trouble.

The dispensers of poslam, a new skin discovery, ask that notice be given that no one is urged to purchase it without first obtaining an experimental package. Everyone who has tried it knows that the fifty-cent box, on sale at Lee & Osgood's and Smith's drug store in Norwich, Larne's in Putnam. Woodward's in Danielson and Chesebro's in Willimantic, and all drug stores, is sufficient to cure the worst cases of eczems, where the surface affected is not too large. The litching ceases on first application. It will also cure acne tetter, blotches, scaly scalp, hives, barber's and every other form of itch, including itching feet. Being flesh-colored and containing no grease, the presence of poslam on exposed surfaces, such as the face and hands, is not perceptible. Water and soap cannot be used in connection with it, as these irritate and prolong skin troubles, sometimes even causing them.

As to the experimental package of poslam, it can be had free of charge by mail of the Emergency Laboratories, 32 West Twenty-fifth Street, New York. It alone is sufficient to clear the complexion overnight, and to rid the face of pimples in twenty-four hours.
